~\$ touch newtext.txt

~\$ cp /home/user/text.txt /home/user/newtext.txt

```
~$ touch matter.txt
```

```
~$ cat>matter
```

This is a test.

My name is Moitrish Maity

```
^C
```

```
~$ cat text matter >txtmat
```

```
~$ rm text
```

```
~$ mv newtext.txt oldtext.txt
```

```
~$ mkdir mydir
```

```
~$ mv oldtext.txt mydir/
```

```
~$ mv matter.txt mydir/
```

```
~$ mkdir newdir
```

```
~$ date +%d-%m-%Y
```

10-09-2021

```
~$ who
```

```
~$ ls -R /
```

Questionnaires :

- 1) Aside from being empty it shows some other errors and as regular users normally do not have enough permissions to modify /home , the rmdir gives a permission denied error.
- 2) The user is returned to the home directory.
